Euro Clean

A unique system to have clean air in the ambient where you live.

**CERTIFIED  
&  
PATENTED**

Euro Clean **EasySteam** will ease your efforts to eliminate grease, oil, tar, liquids, biological waste and sanitize all types of surfaces, including sofas, mattresses, car seats, carpets.

It can be used with surprising results in all environments: from kitchens to the bathrooms.

Thanks to the automatic refilling steel boiler, Euro Clean from now you can throw brooms and rags and directly dispense the steam on the surfaces (always verifying the compatibility of the treatment with the treated material to avoid damages) and vacuuming the surfaces, obtaining in less time a much safer result. Cleaning have never been so easy! **easySteam**

Ultimate Solution against any Stain or Dirt or Bacteria
